Moodle is popular Learning Management System (**LMS**).

The pedagogic features used in the animation video on Forum Etiquettes, are learning by doing (**LbD**) & Reflection spots (**LeD**).

Following things we have learnt about discussion forum **"etiquettes":**

- Subject titles should be meaningful
- The term 'flaming' means, in a online chats if he/she is aggressively arguing online.
- Use of Granny Test i.e. we have to mind our language while online.
